Basement, Pipe Covering, 365 Linear feet  
Tank jacket, 25 sq.ft.

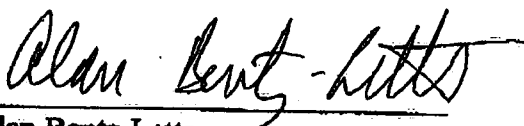

Note: because of the necessity of removing 365 linear feet of pipe covering at this location, it was necessary to apply for and obtain a "variance" from the N.Y.C. Department of Environmental Protection. That application has been submitted and approved. Because of the pendency of said application, this building had not been listed on the abatement schedule that was provided on September 2, 2008.

Very truly yours,
